

MSRTC APPEAL TO THE MANUFACTURERS.

The MSRTC is leading Passenger transport organisation in country, having network of 6 Regions and 32 divisions and 248 depots for traffic operations. We are having fleet of 9480 Tata and 6320 Leyland buses, which operate 59,77,000 Kms Daily on 19,666 nos. of routes. Besides we are having 3 Central Workshops, 9 Tyre Retreading Plants, 1 store supply unit and printing unit at Kurla and Head Office at Mumbai.

Stores and Purchase department is engaged in procurement of material. We finalise sources for procurement of stores by inviting open tenders, limited tenders and operating ASRTU and DGS&D Rate contracts.

Due to one or the other reason, we are not getting proper response for the item listed below. MSRTC therefore appeals to the manufacturers of these items to give their suggestions if any which will help us to modify or to improve wise our process of procurement of items listed below. MSRTC finalise sources for procurement of stores by inviting open tenders, limited tenders and operating ASRTU and DGS&D Rate contracts. Tentative calendar of tenders advertised is already given on the MSRTC website.

For the items listed below, MSRTC desires to announce that though registration of sources have been totally stopped now by MSRTC, to have data base of manufacturers for the item listed below, registration of the manufacturers interested to supply the item listed below will be started which will help us to approach interested and registered manufacturers to inform about the tenders advertised in respective month, so that they can participate in it .

The manufacturer who is interested to supply their product to MSRTC have to approach with the following details to the General Manager(S&P), MSRTC, JBB Marg, Mumbai-8.

1. Factory Registration certificate
2. Preceding three years balance sheet and Profit & loss account.
3. DGS&D Registration Certificate if any
4. ASRTU rate contract copy if firm is on ASRTU
5. Supply details to Govt. Organisations, Defence and other STUs(copy of rate contract, copy of PO and Invoices)
6. Production capacity.
7. ISO 9001/ISO TS/16949/QS 9000

Starting of registration will be based on the response received against this appeal.

Statement showing items for which very poor response is received against our open tender
